DAVID JACKSON

Editor

About

I am a freelance video editor and photographer with almost 30 years' experience. My credits include Broadcast Drama, Children's TV, Music Promo and Concert performance edits, TV commercials, Infomercials, Title sequences, Sports promos, Online content, Corporate video, Conference & Event edits, Comedy and Educational films. Passionate, committed and down to earth I enjoy creative environments in which ideas can be bounced around just as much as I enjoy working in isolation with chocolate my only companion (and vice).
